

Fixed Hitch Land Roller

Rite Way large 42" diameter drum is easier to roll and applies optimum pressure to push down rocks and smooth out your field.

Push rocks into the ground and smooth out the seedbed for more efficient harvesting of your crops.

Firm your seedbed to put seeds in immediate contact with the soil and moisture for better and more even germination of all crops.

Roll your crop residue in the fall and make your job a lot easier in the spring. Our rollers even crush hard-to-manage crop residues such as cornstalks so they will break down over the winter months.

You can rely on Rite Way equipment. We are the leader in manufacturing efficient, reliable landrollers and are continually working on innovative ways to improve our products.

Features

- Large, heavy wall drum (0.50" thickness)
- Easy to transport
- Replaceable shaft
- 2 - 7/16 bearings

Specifications

Width	12' (3.8 m), 14' (4.3 m), 16' (4.9 m), 18' (5.5 m), 20' (6.1 m)
Weight (approx)	5,000 to 7,000 lbs (2,268 kg to 3,175 kg)
Drum Diameter	42" (107 cm)
Transport Clearance	11" (28 cm)
Transport Width	1' (30 cm) wider than model size
Transport Length	13' 11" (4.2 m)
Tires	11L x 15-12 ply
