

Superior Farms, brings together the rich legacies and expertise of Morris Equipment Ltd. and Rite Way Manufacturing, two western Canadian companies dedicated to providing quality, performance-based equipment for farmers worldwide.

We currently have an exciting opportunity for a highly motivated Design Engineer to join our Team. Depending on the applicant's preference the job location could be based in either Regina, Sk (Head Office) or Yorkton Sk (R&D Facility).

As **Design Engineer**, you will contribute to the technical design and development of exciting new products and systems related to precision seeding, hay handling and ground preparation equipment. A Degree in Mechanical or Agricultural Engineering is preferred; however other relevant education may be considered. At least 5 to 10 years experience required. Must possess a familiarity with agricultural technologies, machinery or equipment, a farming background would be considered an asset. Excellent communication skills, both oral and written are required, experience with Excel, Word, Outlook, Teams and SharePoint are beneficial.

A good working knowledge of current CAD software programs (Creo, SolidWorks, AutoCAD) is an asset; on the job training will be provided. Must have or be pursuing P.Eng status in the province of Saskatchewan.

Come join our team!

We Offer:

- Competitive Compensation
- Company-matched pension plan
- Health & Dental Benefits
- Life Insurance
- Short- & Long-Term Disability Insurance

Interested candidates are asked to submit a cover letter and resume no later than **January 30th, 2026**.

Attention: Human Resources

E-Mail: careers@morrisequipment.ca

****Candidates must be legally entitled to work in Canada.**

We thank all applicants who apply, however only those selected for an interview will be contacted.
